**Part V, Line 4 - Intended Uses for Endowment Funds**

The intended use of the funds is to further the organization's tax-exempt purpose.

**Part X - FIN 48 Footnote**

The Corporation is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The accounting policies prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions,

**Part XIII Supplemental Information** (continued)

those income tax positions would be sustained. Based on that evaluation, the Corporation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of July 31, 2017 and 2016 or for the years then ended. The Corporation's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Facility 1, Phoebe Putney Memorial Hospital Inc - Part V, Line 5

Members of the internal assessment team performed twenty (20) key leader interviews of approximately 30 to 45 minutes in length. The purpose of the key leader interviews was to gather information, gain knowledge and receive input regarding health issues facing the organization's service area. The interview selection process was careful to include representation that reflects the make-up of patients receiving services in the organization's service area (religious, business, political, public health, the elderly, physicians, and after school programs).

Two community input sessions were also held to review data and provide feedback on the community's view of priorities. The sessions included participants from an array of organizations such as the YMCA, religious and educational institutions, media, and healthcare non-profits to name a few.

Facility 1, Phoebe Putney Memorial Hospital Inc - Part V, Line 11

Using the Catholic Health Association's Selection filter as a means to prioritize competing significant needs, below is a list of needs that were not included as priorities but remain a concern to the community.

1) Child and Adult Obesity:

The organization's resources are not vast enough to address this need. The county health department, school system, and other non-profit groups are addressing this need.

2) Train Unskilled Labor:

Not within the organization's strategic scope and other community resources are addressing this need.

3) Access to Care - Transportation:

If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

This need is too complex to be addressed by the organization. Vulnerable populations have access to the Medicaid van option.

4) Adults without Insurance:

The organization currently contracts with Change Health to determine Medicaid eligibility for uninsured patients.

5) Information Sharing and EMR Network:

This need would be very complex and would divert financial resources from other priorities.

6) Lung Cancer:

The organization already offers free lung screenings to 300 non-insured patients each year.

provides certain defined annual pay credits that are subject to a substantial risk of forfeiture. The purpose of the SERP is to provide a long-term incentive and retirement benefit for affected executives consistent with the benefit available to employees not impacted by IRS compensation limits on defined benefit plans. The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. PPHS maintains ownership of the funds allocated to each participant until vesting and payment.

For a participant in the SERP prior to 1/1/2017 (a "grandfathered participant"), the first vesting date will occur on the date the participant attains five years of participation under the plan. After the initial vesting date, a grandfathered participant shall have a new vesting date once every 5 years. Once vested, each participant shall receive a distribution of their entire vested amount within a reasonable period not to exceed 2.5 months. This distribution is treated as reportable compensation to the participant and is included in Part II, Column B(iii). Therefore, Part II, Column B(iii) includes prior year SERP deferrals previously reported in Part II, Column C. The Executive Compensation Committee of the PPHS's Board of Directors conducts an annual review of the compensation of the CEO. The Committee retains a qualified independent compensation consultant to conduct competitive market analysis of the market ranges of base, incentive and total cash compensation. The information the committee may consider can include but is not limited to the performance of an individual, the performance of the organization, an individual's length of service, credentials and experience, the elements of total compensation and salary history, the organization's compensation targets, and comparability data, including the data prepared by the independent consultant and reviewed with the committee.

The committee incorporates a formal performance appraisal process in the CEO compensation review. It utilizes a multi-perspective approach and performance measures which are linked to the organization's long-term strategic plan and achievement of annual system objectives. The CEO is not present when the committee discusses and establishes his compensation.
