Part X - FIN 48 Footnote

Phoebe Putney Health System, Inc., Phoebe Putney Memorial Hospital, Inc., Phoebe Worth Medical Center, Inc., Phoebe Sumter Medical Center, Inc., Phoebe Physican Group, Inc, and Phoebe Foundation, Inc. are not-for-profit corporations that have been recognized as tax-exempt pursuant to section 501(c)(3) of the internal revenue code. Phoebe Putney Indemity, LTD. is exempted from all local income, profit or capital gains taxes until November 19, 2038 under the Cayman Islands Tax Concessions Laws. Phoebe Putney Health Ventures, Inc. is a for-profit entity. The Corporation applies accounting policies that prescribe when to recognize and how to measure the consolidated financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These

Part XIII Supplemental Information *(continued)*

rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Corporation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from the disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses. Based on the results of Management's evaluation, no liability is recognized for the accompanying consolidated balance sheets for the unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of July 31, 2023 or 2022 or for the years then ended. The Corporation's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for the period of three years after the respective filing deadlines of those returns.

Part V - Additional Information

PPHS board of directors relies on its Health System Board Investment Committee, independent investment advisor, PPHS board approved investment policy statement, and regular Investment Committee meetings to manage and maintain a well-diversified investment fund portfolio which includes U.S. Equities, Global non-US Equities, Emerging Markets, Hedge Funds, Real Assets, Opportunistic, Fixed Income, and Cash and Equivalents. These PPHS investment accounts have long term strategies, goals and objectives and are related to specific healthcare related purposes including Defined Pension liabilities for employees, Malpractice Insurance liabilities and Hospital designated funds for future capital replacement of facilities and equipment as they wear out and need to be updated. Much like a retirement 401K or 403B account for an individual that accesses mutual funds that are well diversified, it is common for Funds, Fund managers and/or Specific Investments to be in United States jurisdictions or foreign jurisdictions in order to accomplish a greater investment risk diversification.

consistent with the benefit available to employees not impacted by IRS compensation limits on defined benefit plans. The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. After the initial vesting date, a grandfathered participant shall have a new vesting date once every 5 years. These additional vesting dates will occur on the 5th anniversary of each vesting date after the initial vesting date. On each vesting date, a grandfathered participant will become 100% vested in an amount equal to the participant's account balance reduced by any pay credits credited to the account for the 2 most recent plan years. exceeding the charitable care and the organizational and operational standards required for federal tax-exempt status. The Corporation demonstrates a continued and expanding commitment to meeting our mission by providing community benefits. A community benefit is a planned, managed, organized, and measured approach to meeting identified community health needs, requiring a partnership between the healthcare organization and the community to benefit residents through programs and services that improve health status and quality of life.

Through its affiliated group of hospitals, the Corporation improves the health and well-being of Southwest Georgia through clinical services, education, research and partnerships that build health capacity in the community. Each hospital provides community benefits for every citizen in its service area as well as for the medically underserved. The hospitals conduct community needs assessments and pay close attention to the needs of low income and other vulnerable persons and the community at large. The Corporation often works with community groups to identify needs, strengthen existing community programs and plan newly needed services. In addition to providing free and discounted services to people who are uninsured and underinsured, the Corporation provides a wide-ranging array of community benefit services designed to improve community and individual health and to increase access to health care. The Corporation's excellence in community benefit programs was recognized by the prestigious Foster McGaw Prize awarded to the hospital in 2003 for its broad-based outreach in building collaboratives that make measurable improvements in health status, expand access to care and build community capacity, so that patients receive care closest to their own neighborhoods. Drawing on a dynamic and flexible structure, the community benefit programs are designed

to respond to assessed needs and are focused on upstream prevention. As Southwest Georgia's leading provider of cost-effective, patient-centered health care, the Corporation's affiliated hospitals participate in the Medicare and Medicaid programs and are among the leading providers of Medicaid services in Georgia.

The following table summarizes the amounts of charges foregone (i.e., contractual adjustments) and estimates the losses (computed by applying a total cost factor to charges foregone) incurred by the affiliated hospitals due to inadequate payments by these programs and for indigent/charity. This table does not include discounts offered by the organizations under managed care and other agreements:

adolescent health, reduce sexual risk behavior that leads to teen pregnancy, and increase positive youth behaviors known to protect against teen pregnancy. Through this program, 3,333 students were reached by implementing pre-approved Evidence Based Programs (EBPs) such as Love Notes, Too Good For Drugs, My Plan A, and SPORT Prevention Plus Wellness. In addition to providing health education to the students, each county formed a Youth Leadership Council (YLC) group. YLC is a team of students selected to serve as leaders in community or school projects.

C. Health Care Support Services

Although the Corporation anticipates reimbursement from various funding sources in fiscal year 2023, the Corporation wanted to highlight these life-saving benefits to the community:

Mobile Units

In fiscal year 2021 the Corporation purchased two 36-foot mobile healthcare units for \$946,869, funded through generous donations from Phoebe Foundation. These mobile units are dedicated to improving the health of our region's vulnerable residents in medically underserved communities throughout Southwest Georgia. Each unit is equipped with two examination rooms, equipped with comprehensive primary, specialty and occupational healthcare facilities. These exam rooms can accommodate full physical examinations, specimen collections, clinical vital readings, hearing examinations and respiratory testing. Each unit is equipped with Telehealth presentation site capabilities, which allow for a variety of subspecialty providers to evaluate and assess patients within the mobile unit. In addition, each unit is equipped with a wireless

Name of the organization Phoebe Putney Health System, Inc.	Employer identification number 58-2001014
---	--

connectivity cradle point, allowing for real time medical documentation. Both units are self-sustainable, requiring no external electrical or water hook ups.

The mobile units are designed to provide in-person primary care, virtual specialty care, and health & wellness resources in regular rotation across southwest Georgia, many of whom lack the resources to travel to service deliverable sites. Such access enhancements connect patients with medical professionals before an emergency room visit or hospitalization becomes necessary. Through low cost /no cost treatment, education, and referral to additional resources, the mobile clinics are able to keep potentially serious health conditions in check, helping targeted patient populations take control of their health in ways they'd never be able to otherwise.

In 2023, the mobile units partnered with Albany Area Primary Health Care (AAPHC) and Medicaid providers to host primary care clinics throughout 13 rural Southwest Georgia counties. The mobile units traveled 5,067 miles sponsoring 97 vaccine events with a total of 1,237 vaccines administered, ten wellness events with a total of 95 visits, and 18 health fairs with a total of 130 interactions.

Government Sponsored Eligibility Applications to the Poor and Needy The Corporation contracts for eligibility on behalf of the poor and needy that may be eligible for Medicaid. In some cases, it can take up to two years to be deemed eligible. In 2023 the Corporation paid \$876,550 to process these applications with 884 receiving Medicaid benefits.

Simulation Lab Other Educational Opportunities

The Corporation's \$5.3 million dollar Simulation Plan became operational in 2021. It was built to train workers in a variety of healthcare roles and duplicates hospital environments exactly, including patient and operating rooms, intensive care units, and the emergency center. The following are some training highlights for 2023:

a. Workforce Development

Through various investments with our academic partners, the Corporation has enabled the nursing programs to increase student enrollment by providing funding for full and/or part-time faculty for each of the nursing programs, as well as for three full time clinical faculty who are located in the Simulation & Innovation Center.

Name of the organization Phoebe Putney Health System, Inc.	Employer identification number 58-2001014
---	--

address the critical need for primary care physicians in Southwest Georgia. Knowing that students from rural communities are more likely to return to a rural area to practice and understanding the need to increase the pipeline of rural students enrolled in Georgia medical schools, it was determined that students from the 38-county region needed to become more competitive in the application process. This year, the Sim-Lab hosted 11 Pathways to Medicine Students and 15 UGA PharmD. In addition, they hosted 15 9th and 10th grade students interested in healthcare.

To determine how to make the students more competitive, AHEC polled the admissions committees from each of the medical schools in Georgia to determine what beyond MCAT scores and GPA would increase their chances of being accepted. The overwhelming consensus was a much needed and significant structured clinical shadowing and medical research experience. The Albany based Pathway to Med School Program was structured accordingly as a 4-week residential experience to include 50 hours of clinical shadowing in a primary care setting and 75 hours of community-based research to include data collection, interpretation, and presentation. Southwest Georgia is a medically underserved area (MUA) and by supporting the efforts of local aspiring medical students at the pre-med academic level, we can improve access to healthcare in our communities.

d.4C Academy:

The Simulation Center hosted the faculty from 4C to provide insight on training the center provides. Forty-five students attended hands-on training in the Simulation Center to motivate them to seek/attain a healthcare profession.

Name of the organization Phoebe Putney Health System, Inc.	Employer identification number 58-2001014

The Young Doctors and Health Professions Program is a STEM program designed to expose participants in grades 5-8 to the field of healthcare, while enhancing their competence in mathematics, science, and problem-solving. This group was hosted in the Simulation Center to receive an introduction to various medical devices and supply. They participated in hands on skills (such as listening to heart tones and respiration) to educate them on medical skills and careers. With the addition of the Phoebe Health Science Pathway which begins in 9th grade, the Simulation team has made a concerted effort to reach middle school students to increase their interest in a healthcare career.

f. UGA PharmD/ASU/AHEC Camp:

The UGA School of Pharmacy, Albany State University, and SOWEGA AHEC partnered to host a free healthcare career explorations overnight camp for middle school students from Southwest Georgia in order to raise awareness about the area's breadth of training, education, and job opportunities in the following areas: Nursing, Health Sciences (Dental Hygiene, Sonography, Occupational Therapy, Radiology, etc.), Human Performance, Pharmacy, Pharmaceutical Sciences, Medicine, and more. The participants came to the Simulation Center and observed a cardiac arrest simulation, as well as participated in hands on skills and training to increase their knowledge and interest in the nursing profession.

hands on training with the skills manakins. Although there is a definite need within our organization for CNAs, we also sought to inform them of funding available for employees to return to school to further their education. Many students were not aware that the hospital hires CNAs and were interested in job opportunities as well as in the funding provided to Phoebe employees.

h.Colony Bank Leadership Academy:

The Colony Bank Leadership Academy aims to encourage high school juniors to recognize their own potential and develop their leadership skills. As part of the curricula, this group attended a day in the Simulation Center to participate in hands on skills (such as listening to heart tones and respirations) to educate them on medical skills and careers in hopes of encouraging them to seek a career in healthcare.

outcome for each participant is competitive employment. To date, there have been 8 individuals hired in positions ranging from food service to human resources.
