Enhance Your Workplace Safety with Phoebe Corporate Health

Developing and Implementing Effective Emergency Response Plans

Emergencies can occur without warning, making it crucial for every business to be prepared. Phoebe Corporate Health offers comprehensive support to develop tailored emergency response plans. Our services include conducting

regular drills and providing targeted safety training to ensure your team can respond effectively in any situation. Enhance your organization's readiness with our expert guidance.

Phoebe East Location Construction Update

Our clinic's face may be changing, but our commitment to service is not. We're working hard to provide a better way to experience quality health care at Phoebe East. Over the coming months, our facility will undergo construction improvements, which will not interfere with your upcoming appointments. Thank you for your patience and for choosing Phoebe.

Maximize Employee Health Benefits Before Year-End:

Encouraging employees to utilize their health benefits before the year ends can lead to better health outcomes and reduced healthcare costs. We provide resources and support to promote preventive health measures and annual checkups, helping your team stay healthy and productive.

Let us assist you in organizing health screenings and educational initiatives. Contact Phoebe Corporate Health at 229-312-9220 to schedule onsite biometric screenings for your team. These screenings include blood pressure,

weight, weight (BMI), blood draw (total cholesterol check, triglycerides, glucose, ratio).

Convenient Onsite Flu Vaccination Services

Flu season is approaching, and protecting your workforce is more important than ever. Our mobile flu vaccine unit brings vaccination services directly to your site, offering a convenient solution to keep your employees healthy. Scheduling is simple — just contact us at 229-312-9220, and we'll take care of the rest. Prevent the flu from disrupting your business operations by arranging your onsite flu vaccination clinic today.

Contact Phoebe Corporate Health

Ensure your business is prepared and your employees are safe. For more details on any of these initiatives or to schedule your onsite flu vaccines, please contact Phoebe Corporate Health at 229-312-9220. Partner with us to enhance your workplace safety and health.
