

Nominating a nurse for a DAISY Award

WHAT: An on going recognition program that honors and celebrates the skillful and compassionate care nurses provide everyday. Active in over 4,800 healthcare facilities, around the world.

WHY: Established by the family of J. Patrick Barnes who died from complications of ITP in 1999. During his hospitalization, they deeply appreciated not only the immense clinical skill, but also the enormous compassion shown to Pat and his family by his nurses. When Pat died, they felt compelled to say “thank you!” to nurses in a very personal way.

HOW: Honorees are nominated by patients, families, colleagues and chosen by a committee of their peers.

Scan the QR code using your smart phone camera to access the online nomination form.

Gifts DAISY Honorees receive include a certificate, DAISY Award pin and hand-carved “Healers Touch” sculpture. Nominees receive a beautiful DAISY pin.
