

Appendix A: Secondary Data Scoring Tables

Secondary Data Scoring Detailed Methodology

Data Scoring is done in three stages:

For each indicator, each county is assigned a score based on its comparison to other communities, whether health targets have been met, and the trend of the indicator value over time. These comparison scores range from 0-3, where 0 indicates the best outcome and 3 the worst. Availability of each type of comparison varies by indicator and is dependent upon the data source, comparability with data collected for other communities, and changes in methodology over time.

Indicators are categorized into topic areas and each topic area receives a score. Indicators may be categorized in more than one topic area. Topic scores are determined by the comparisons of all indicators within the topic.

Comparison to a Distribution of County Values: Within State and Nation

For ease of interpretation and analysis, indicator data is visually represented as a green-yellow-red gauge showing how the community is faring against a distribution of counties in the state or the United States. A distribution is created by taking all county values within the state or nation, ordering them from low to high, and dividing them into three groups (green, yellow, red) based

on their order. Indicators with the poorest comparisons (“in the red”) scored high, whereas indicators with good comparisons (“in the green”) scored low.

Comparison to Values: State, National, and Targets

The county is compared to the state value, the national value, and target values. Target values include the nation-wide Healthy People 2030 (HP2030) goals. Healthy People 2030 goals are national objectives for improving the health of the nation set by the Department of Health and Human Services’ (DHHS) Healthy People Initiative. For all value comparisons, the scoring depends on whether the county value is better or worse than the comparison value, as well as how close the county value is to the target value.

Trend Over Time

The Mann-Kendall statistical test for trend was used to assess whether the county value is increasing over time or decreasing over time, and whether the trend is statistically significant. The trend comparison uses the four most recent comparable values for the county, and statistical significance is determined at the 90% confidence level. For each indicator with values available for four time periods, scoring was determined by direction of the trend and statistical significance.

Missing Values

Indicator scores are calculated using the comparison scores, availability of which depends on the data source. If the comparison type is possible for an adequate proportion of indicators, it will be included in the indicator score. After exclusion of comparison types with inadequate availability, all missing comparisons are substituted with a neutral score for the purposes of calculating the indicator’s weighted average. When information is unknown due to lack of comparable data, the neutral value assumes that the missing comparison score is neither good nor bad.

Indicator Scoring

Indicator scores are calculated as a weighted average of all included comparison scores. If none of the included comparison types are possible for an indicator, no score is calculated, and the indicator is excluded from the data scoring results.

Topic Scoring

Indicator scores are averaged by topic area to calculate topic scores. Each indicator may be included in up to three topic areas if appropriate. Resulting scores range from 0-3, where a higher score indicates a greater level of need as evidenced by the data. A topic score is only calculated if it includes at least three indicators.

Topic Scores: Dougherty County

Results from the secondary data topic scoring can be seen in Tables 1 and 2 below. The highest scoring health needs in Dougherty County was Sexually Transmitted Infections with a score of 2.53.

Table 1: Health Topic Scores: Dougherty County

Health Topic	Score
Sexually Transmitted Infections	2.53
Wellness & Lifestyle	2.24
Other Conditions	2.10
Diabetes	2.09
Prevention & Safety	1.94
Family Planning	1.90
Maternal, Fetal & Infant Health	1.83

All Indicator Scores by Topic Area

Below is a complete list of all indicators that were scored as part of the secondary data analysis. Indicators are grouped under their respective health and quality of life topic areas, and include information about both the indicator data source and measurement period. Please refer to the tables below as a reference key for indicator data sources.

Table 11: Dougherty County Indicator Scoring Data Source Key

Appendix B: Community Input Assessment Tools

Community Survey

CONDUENT HEALTHY COMMUNITIES INSTITUTE
Phoebe Putney Health System Health Survey

Welcome to this Phoebe Putney Health System community health survey. The information collected in this survey will allow community organizations across your county to better understand the health needs in your community. The knowledge gained will be used to implement programs that will benefit everyone in the community. We can better understand community needs by gathering the voices of community members like you to tell us about the issues that you feel are the most important.

REMINDER: You must be 18 years old or older to complete this survey. We estimate that it will take 10 minutes to complete. Survey results will be available and shared broadly in the community within the next year. The responses that you provide will remain anonymous and not attributed to you personally in any way. Your participation in this survey is completely voluntary. If you have any questions, please contact XXXX within Community Benefit by email at XXX.org. Thank you very much for your input and your time!

I. Please answer a few questions about yourself so that we can see how different types of people feel about local health issues.

In what zip code do you live? Please write in your five-digit zip code in the box below.

ZIP Code: _____

In what county do you live?

- Dougherty
- Lee
- Macon
- Marion
- Mitchell
- Schley
- Sumter
- Terrell

- Worth
- Other (please specify) _____

II. In this survey, “community” refers to the major areas where you live, shop, play, work, and get services.

Q1- How would you rate your community as a healthy place to live? Select one.

- Very Unhealthy
- Unhealthy
- Somewhat Healthy
- Healthy
- Very Healthy

Q2 - In the following list, what do you think are the three most important “health problems” in your community? (Those problems that have the greatest impact on overall community health.) Select up to 3.

- | | | |
|---|--|--|
| <input type="checkbox"/> Access to Affordable Health Care Services (doctors available nearby, wait times, services available nearby, takes insurance) | <input type="checkbox"/> Heart Disease and Stroke | <input type="checkbox"/> Respiratory/Lung Diseases (asthma, COPD, etc.) |

Individuals in my community can access healthcare services regardless of race, gender, sexual orientation, immigration status, etc.					

Q5 – Where do you get most of your health information? Select all that apply.

- Community organization/agency
- Doctor or healthcare provider
- Facebook or Twitter
- Other social media
- Family or friends
- Health Department
- Hospital
- Internet
- Library
- Newspaper/Magazine
- Radio
- Church or church group
- School or college
- TV
- Workplace

____ Other (please specify) _____

Q6 - How would you rate your own personal health in the past 12 months? Select one.

- Very Unhealthy
- Unhealthy
- Somewhat Healthy
- Healthy
- Very Healthy

Q7 - Do you currently have a health insurance plan/health coverage? Select one.

- Yes – PLEASE ANSWER Q8 NEXT
- No – SKIP TO Q9
- I don't know – SKIP TO Q9

Commented [GD3]: -test skip logic
-confirm with Maudra answer wording

Q8 - Which type(s) of health plan(s) do you use to pay for your health care services? Select all that apply.

- Medicaid
- Medicare
- Insurance through an employer (HMO/PPO) - either my own or partner/spouse/parent
- Insurance through the Health Insurance Marketplace/Obama Care/Affordable Care Act (ACA)
- Private Insurance I pay for myself (HMO/PPO)
- Indian Health Services
- Veteran's Administration
- COBRA
- I pay out of pocket/cash
- Some other way (please specify) _____

Q9 - In the past 12 months, was there a time that you needed health care services but did not get the care that you needed? Select one.

- Yes – PLEASE ANSWER Q10 NEXT
- No, I got the services that I needed – SKIP TO Q11
- Does not apply, I did not need health care services in the past year – SKIP TO Q11

Q10 - Select the top reason(s) that you did not receive the health care services that you needed in the past 12 months. Select all that apply.

- Cost - too expensive/can't pay
- No insurance
- Insurance not accepted
- Lack of personal transportation
- Lack of transportation due to bus schedule and/or drop-off location
- Hours of operation did not fit my schedule
- Child care was not available
- Wait is too long
- No doctor is nearby
- I did not know where to go
- Office/service/program has limited access or is closed due to COVID-19
- Language barrier
- Cultural/religious reasons
- Lack of trust in healthcare services and/or providers
- Previous negative experience receiving care or services
- Lack of providers that I identify with (race, ethnicity, gender) or have training specific to my needs
- Other (please specify) _____

Q11 - In the past 12 months, was there a time that you needed dental or oral health services but did not get the care that you needed? Select one.

- Yes – PLEASE ANSWER Q12
- No, I got the services that I needed – SKIP TO Q13
- Does not apply, I did not need dental/oral health services in the past year – SKIP TO Q13

Q12 - Select the top reason(s) that you did not receive the dental or oral health services that you needed in the past 12 months. Select all that apply.

- Cost - too expensive/can't pay
- No insurance
- Insurance not accepted
- Lack of personal transportation
- Lack of transportation due to bus schedule and/or drop-off location
- Hours of operation did not fit my schedule

- Child care was not available
- Wait is too long
- No doctor is nearby
- I did not know where to go
- Office/service/program has limited access or is closed due to COVID-19
- Language barrier
- Cultural/religious reasons
- Lack of trust in healthcare services and/or providers
- Previous negative experience receiving care or services
- Lack of providers that I identify with (race, ethnicity, gender) or have training specific to my needs
- Other (please specify) _____

Q13 - In the past 12 months, was there a time that you needed or considered seeking mental health services or alcohol/substance abuse treatment but did not get services? Select one.

- Yes – PLEASE ANSWER Q14
- No, I got the services that I needed – SKIP TO Q15
- Does not apply, I did not need services in the past year – SKIP TO Q15

Q14 - Select the top reason(s) that you did not receive mental health services or alcohol/substance use treatment. Select all that apply.

- Cost - too expensive/can't pay
- No insurance
- Insurance not accepted
- Lack of personal transportation
- Lack of transportation due to bus schedule and/or drop-off location
- Hours of operation did not fit my schedule
- Child care was not available
- Wait is too long
- No doctor is nearby
- I did not know where to go
- Office/service/program has limited access or is closed due to COVID-19
- I did not know how treatment would work
- I worried that others would judge me
- Language barrier
- Cultural/religious reasons

- Lack of trust in healthcare services and/or providers
- Previous negative experience receiving care or services
- Lack of providers that I identify with (race, ethnicity, gender) or have training specific to my needs
- Other (please specify) _____

Q15 - In the past 12 months, did you go to a hospital Emergency Department (ED)? Select one.

- Yes – PLEASE ANSWER Q16 AND Q17
- No, I have not gone to the hospital ED – SKIP TO Q18

Q16 - Please select the number of times you have gone to the ED in the past 12 months. Select one.

- 1
- 2
- 3
- 4
- 5
- 6 or more

Q17 - What were the main reasons that you went to the Emergency Department (ED) instead of a doctor's office or clinic? Select all that apply.

- After clinic hours/weekend
- I don't have a regular doctor/clinic
- I don't have health insurance
- I feel more comfortable accessing my care in the ED instead of at a doctor's office or clinic
- Concerns about cost or co-pays
- Emergency/Life-threatening situation
- Long wait for an appointment with my regular doctor
- Needed food, shelter, or other resources
- My doctor (or other provider) told me to go
- Other (please specify) _____

Q18 - How many children (under age 18) currently live in your home? Select one.

- None – SKIP TO Q24
- 1
- 2
- 3
- 4
- 5
- 6 or more

III. If there are any children under 18 that live in your home, please answer Q19 through Q23.

Q19 - Which type(s) of health plans(s) do children in your home have to cover the costs of health care services? Select all that apply.

- Medicaid/Children’s Health Insurance Program (CHIP)
- Insurance through an employer (HMO/PPO) - either my own or partner/spouse
- Insurance through the Health Insurance Marketplace/Obama Care/Affordable Care Act (ACA)

- Two or more races
- Some other race
- Prefer not to answer

Q41 - What is your age? Select one.

- Under 18
- 18-20
- 21-24
- 25-34
- 35-44
- 45-54
- 55-64
- 65-74
- 75-84
- 85 or older
- Prefer not to answer

Q42 – To which gender identity do you most identify? Select one.

- Female
- Male
- Prefer not to answer
- Other identification (optional)

If you feel comfortable doing so, please indicate what other gender identity you most identify with:

Q43 - What is the highest level of education you have completed? Select one.

- Did not attend school
- Less than 9th Grade
- Some High School, No Diploma
- High School Graduate, Diploma or the equivalent (GED)
- Associate Degree
- Bachelor's Degree
- Master's Degree
- Professional Degree
- Doctorate Degree

Q44 - How much total combined money did all members of your household earn in the previous year?? Select one.

- Less than \$15,000
- \$15,000 to \$24,999
- \$25,000 to \$34,999
- \$35,000 to \$49,999
- \$50,000 to \$74,999
- \$75,000 to \$99,999
- \$100,000 to \$124,999
- \$125,000 and higher
- Prefer not to answer

Q45 - What language do you mainly speak at home? Select one.

- Speak English

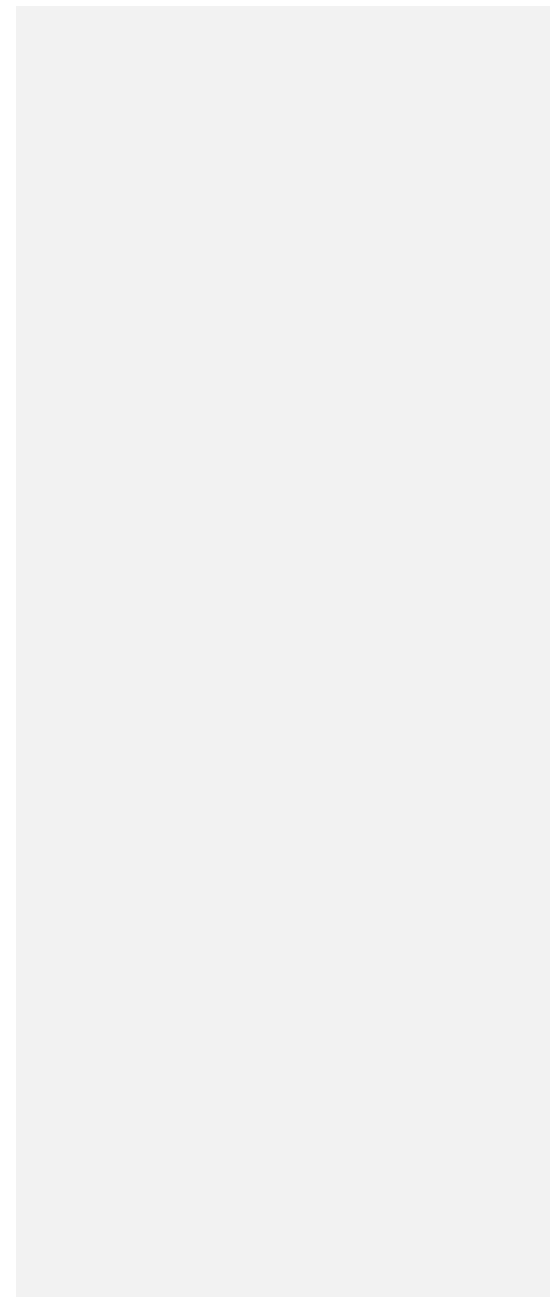

- Speak Spanish
- Speak other language (please specify) _____

Q46 - Do you identify with any of the following statements? Select all that apply.

- ___ I have a disability
- ___ I am active duty Military
- ___ I am retired Military
- ___ I am a Veteran
- ___ I am an immigrant or refugee
- ___ Prefer not to answer
- ___ I do not identify with any of these

Q47 – Including yourself, how many people currently live in your household?

- 1
- 2
- 3
- 4
- 5
- 6 or more (please specify number) _____

IV. During this time, we understand that COVID-19 has impacted everyone's lives, directly and indirectly. We would like to know how these events have impacted you and your household to better understand how our community has been affected overall.

REMINDER: This is an anonymous survey. If you or anyone in your household has questions or concerns related to COVID-19, information is available at www.healthdepartment.com. If you need assistance finding local resources and support services, please call 211.

Q48 – What is your COVID-19 Vaccine status?

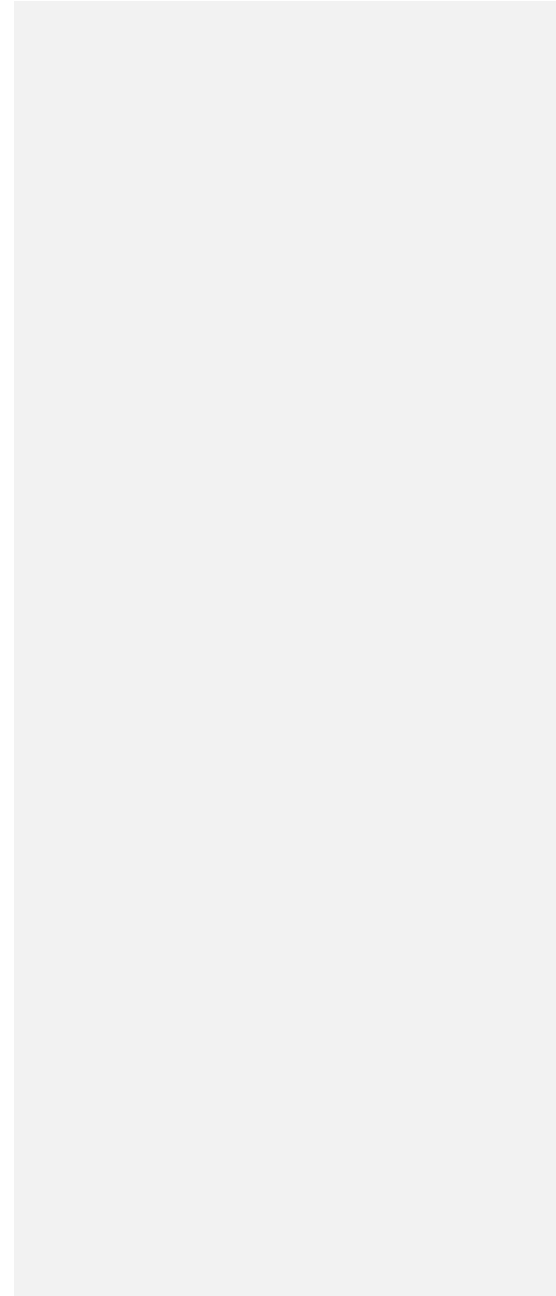

- I am vaccinated (initial series)
- I am vaccinated and boosted
- I plan to get vaccinated - PLEASE ANSWER Q49
- I do not plan to get vaccinated – PLEASE ANSWER Q59
- Prefer not to respond

Q49 – Which of the following contributes to your vaccine decision? Select all that apply.

- I have just not scheduled my appointment
- Uncertain about the safety or side-effects of the vaccine
- Challenges getting a vaccine appointment
- Not able to take off work for an appointment
- Lack of transportation
- Hours of operation did not fit my schedule
- Language barrier
- No vaccine site is nearby
- Wait is too long
- I am worried that others would judge me
- Cultural or religious reasons
- Lack of trust in healthcare services and/or providers
- Previous negative experience receiving care or services
- I do not believe the vaccine is safe for me
- I have a pre-existing condition that makes me ineligible
- Other (please specify) _____

Thank you for taking the time to participate in this community survey. Your feedback and insight are vital as we work to improve and address issues impacting our community's health.

END OF SURVEY

LISTENING SESSION

We've gathered today to complete a listening session for Phoebe Putney. Our goal is to explore what might be done locally to improve health and access to health care in the County. To do this effectively, we need to better understand the perspectives of community members.

We're interested in hearing your views on all aspects of health—including physical health, mental health, and any other areas you feel are important. This session is part of a broader effort to gather insights from people across the County, and to use that information to address the most pressing health concerns in our community.

Your voice matters, and we appreciate your time and input.

Listening Session Questions

2025 CHNA

1. What are the top health-related problems our patients and families face in their communities that you want to change or improve?
2. What are the leading socioeconomic factors that contribute to the health needs of the patients and families we have discussed? [Probe: What are the root causes of the particular health needs that patients and families face?]
3. What barriers or challenges might prevent our patients and families from accessing health care or social services?
4. Are there any groups of patients that are disproportionately affected by the health problems we have talked about? [Probe: Are there patients and families we serve that are more difficult to reach than others or who are underserved?]
5. What can be done to address some of the challenges we have discussed that our patients and families face?
6. What strengths and assets exist within our community that can be leveraged to promote better health outcomes for our patients and families?

7. Can you think of other ways we could improve the health of our patients and families in our local community that we haven't already discussed?
